

Certificate of Compliance

Certificate Number

E246560-UL10234515

Report Reference

E246560-2004-06-30

Issue date

2026-09-09

Issued to:

POLYLEX INC

4275 Executive Square Suite 200, La Jolla, CA, 92037, United States

This certificate confirms that representative samples of:

SHP-1001, SHP-1001S

covered under the category of:

Plastics (QMFZ2, QMFZ8)

have been investigated by UL in accordance with the following standard(s):

- **IEC 60695-11-10, Fire Hazard Testing-Part 11-10: Test Flames-50 W Horizontal and Vertical Flame Test Methods**
- **UL 746S Evaluation of Sustainable Polymeric Materials for Use in Electrical Equipment, Sec 6: Mechanically Recycled Plastics**

Additional Information:

See UL Product iQ® at <https://iq.ulprospector.com> for additional information.

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark.

Only those products bearing the UL Mark should be considered as being UL Certified and covered under UL's Follow-Up Services.

Look for the UL Certification Mark on the product.

This iCoC may only include partial UL Certification information. For full certification information, please reach out to the component manufacturer directly.
